Cristian Toboso
Director, Toboso Apar-Turis

"I approached Coastline FM after speaking with a number of other stations on the Costa Blanca and Costa del Sol, regarding doing a market test on the East Coast of Malaga (Axarquia). Coastline were extremely helpful and went the extra mile always to advise me on how they could help with this project. I have been running a campaign for three months now and the ideas and personal touch offered by the Coastline team have been magnificent. They know their area well and are the most established english-speaking radio station on the East Coast. I have no reservation in recommending them."
